Before forwarding an email, please:

- Check to see if it is an urban legend. If there is any question check it out on [www.snopes.com](http://www.snopes.com) or a quick question on Google.
- Delete all addresses from the original copy

If you change your email address you can pick from the following to update you email:

- Change you email address in your yahoo profile (best option). Send a copy to the group letting them know, so they can update their address book.
- Subscribe from you new address and unsubscribe from your old one. Put a note telling the moderators of your change.
- Send a note to the moderator (Nancy Sikes) asking them to change it for you.
